PRIZES OF THE BRITISH TURF

Statistics of British horse racing lately published show that more than \$2,500,000 was won in prizes in Great Britain last year. These figures not only constitute a record but indicate the steady growth of public interest in racing, for "mammoth" prizes have almost ceased to exist, yet total winnings grow.

Twenty years ago some of the stakes were worth more than 10,000 pounds but now it is practically impossible for a horse to reach the high earnings achieved by Isinglass and Donovan, for the Eclipse stakes is the only mammoth prize remaining, and such races as the Derby and St. Leger are of little greater value than they were two generations ago.

In the past thirty years more than 15,000,000 pounds has been won in Great Britain in racing prizes, which shows the greater amount of public support that is now assisting the owners and managers, derived from gate money. It has been only within recent years that the great bulk of the spectators have not been admitted free; formerly they contributed little or nothing to either the rewards or the expenses of the meeting.

MANAGERS DO MORE THAN GIVE ORDERS

The fan who believes that a baseball manager's duty consists merely in giving orders is away off the track. That is only a small part of the arduous tasks and one which causes the smallest amount of worry.

On nearly every team there is a ball player with a "temperament" and it has in these enlightened days come to be called. In the olden days it was referred to plainly and simply as a "queer streak," but by whatever name it is known such players are difficult to manage.

John McGraw has two or three such individuals on his New York roster, notable among them being Ruben Marquard and Arthur Shafers. Charley Doolin has two in Earl Moore and Sherwood Magee. John Evers has at least one in Heinie Zimmerman. Hughie Jennings has his burden to bear in dealing with Tyrus Raymond Cobb.

It usually happens that the "temperament" does not show itself until after the player has acquired more or less of a reputation following one or two superlatively good seasons on the diamond, for the very good reason that an erratic outburst would not be tolerated for a moment from a mediocre performer.

Evers is having the time of his life trying to keep Zimmerman within bounds. Whether Zimmerman or Evers is most to blame is an open question, but the fact remains that there is friction between them and that it is not doing the Chicago team any good.

McGraw had his troubles with Marquard before the season opened, but the Ruben appears to have settled down now. That is well, for Shafers has taken his place as the cut-up and McGraw is worried lest some morning he will awake to find that the coast had actually embarked for the Pacific slope.

Do the fans know the reason for the outbreaks of these players? Well, the hero worship given players is largely responsible. Some of the loudest, possessing no prize-winning amount of gray matter, become rank egotists after the patrons of the sport have fawned upon them for a few months and imagine that they are greater than the club which employs them. They try to prove it by disregarding and disobeying orders, and then comes the showdown.

## SARATOGA OPENS AFTER FOUR YEARS

Saratoga, N. Y., Aug. 2.—For the first time in four years the streets of Saratoga were filled with their old-time crowd for the opening day of the racing season.

With hotels overcrowded and trains bringing additional throngs to the village every hour, the attendance promised to eclipse any record. Every box in the grandstand had been sold in advance. The track has been idle since 1909.

The crowd was disappointed by the prospect that Whisk Broom II, the new world's record smasher, would take no part in the day's racing. The great racer is reported to have gone lame recently and it is regarded as improbable that he will race again this year. Six horses were scheduled to start in the Saratoga handicap.

Usual precautions have been taken by the sheriff to prevent violation of the anti-betting law. He has assured Governor Sulzer that the law will be insured.

Grand Circuit Races. Aug. 2.—The 2:06 trot was expected to be the most important event of today's Grand circuit racing program which was to bring to local week's racing to a close. The card was originally scheduled for Friday, but was put off until today when Thursday's races were postponed by rain. Other races set for today were the 2:13 pace and the 2:16 trot.

## BACTERIA IN U. S. VIGOROUS

Washington, Aug. 2.—Although the ultra-violet rays may sterilize water in Europe, the vigorous bacteria in American milk refuse to succumb to their influence. This discovery has just been made by chemists at the department of agriculture who have just concluded a series of experiments with the rays in the hope of discovering some methods that would insure complete sterilization of milk.

The scientists found that while the rays were efficacious in disposing of much of the bacteria, many of the pathogenic, or disease-producing germs survive.

In the course of the tests the department chemists found it was impossible to sterilize milk with money contributed by his admirers. Six years ago today Johnson made his debut in this city, pitching against Detroit, which he faced again today. President Wilson arranged his engagements to attend the game. Local municipal officials presented the cup to Johnson.

## NOTICE OF INTENTION

Notice is hereby given by the Board of Commissioners of Ogden City, of the intention of said Board to make the following described improvements, to wit:

To create the east side of Monroe Avenue from 21st to 22nd Streets and both sides of Monroe Avenue from 22nd Street to 25th Street, as a curb and gutter district, and to build thereon concrete curbs and gutters of the standard form, together with the necessary intersections, grading and all work pertaining thereto and to defray the whole of the cost thereof, estimated at \$3,500.00 by a local assessment upon the lots or pieces of ground lying and being within the boundaries of the following district, being the district to be benefited and affected by said improvements, viz:

All the land lying between the outer boundary lines of the above streets and avenues where curbs and gutters are not now built and a line drawn 50 feet outward from and parallel to the said outer boundary line.

All protests and objections to the carrying out of such intention must be presented in writing to the City Recorder on or before the 18th day of August at 10 o'clock a. m., that being the time set by said Board of Commissioners when they will hear and consider such objections as may be made thereto at the Mayor's office at the City Hall, Ogden, Utah.

By order of the Board of Commissioners of Ogden City, Utah.

Dated this 25th day of July, 1913.

A. C. FELT, Mayor.

H. J. CRAVEN, City Engineer.

First publication, July 25th, 1913. Last publication, August 16, 1913.

## NOTICE TO CONTRACTORS
